

Revedia Revenue Management Services

Focus on your core business while the industry experts at Symphony MediaAI manage your license fee revenue

Let the experts at Symphony MediaAI manage the day-to-day finance function of your license fee revenue. With 75 years of combined experience, expertise and insight, Symphony MediaAI's revenue management services reduce A/R cycle times, detect reporting issues faster, and decrease personnel costs.

With Revedia you can:

- > Maximize revenue while managing the affiliate finance function effectively
- > Reduce collection times and manage AR issues
- > Mitigate costly employee turnover and training costs
- > Detect revenue leakage with system and carriage level tracking and analysis
- > Access real-time financial data and dynamic summary reports
